Footnote: Monthly category averages are based on the historical universe.

An investment in a money market fund is not insured or guaranteed by any government or government agency and is not a bank deposit. Although the fund seeks to preserve the value of your investment, it is possible to lose money by investing in a money market fund. Money market fund yields will vary. This material must be preceded or accompanied by a prospectus which should be reviewed carefully. Money market fund ratings are subject to change and do not remove market risk. Yield quotations more closely reflect the current earnings of the money market fund than total return quotations.
